

Parents,

Just a quick reminder of several items where you might feel the urge to help:

- PTSO is organizing a “put the school back together day” on Saturday, the 28th. They could use help.
- PTSO is also organizing a “spiff up the school day” on the 30th of September, Monday. They could use help.
- Several teachers are asking for “cubbies” for their classrooms. This would be places to hang coats, backpacks, store overshoes and lunch boxes. Either contact me or your PTSO for more information on how you can help.

We are asking for volunteers to help with:

- Classroom reading in the early grades
- Front desk monitors
- Playground monitors
- Before and after school monitors
- Specialized topical presentations that are mathematics, science or technology oriented- how a car operates, how robots work, life cycles, how we measure time, how we used to measure time, solar power, wind power, mining technology, how electricity works, recipes with metric or English units, how to cut in half or double etc.

Parent Open House is scheduled for the 1st of September. K-3 will meet me and their student’s teacher from 7:00 to 8:00 PM. 4-8 will meet me and their student’s teacher from 8:00 to 9:00PM.

See attached files for a more detailed schedule. We have developed this schedule in an attempt to alleviate crowded conditions. Also attached are student handbooks and parent handbooks.

The parent handbooks will be a point of discussion at the Parent Open House. With a concern about our environment I will not have many printed copies at the open house. Grade appropriate handbooks are also attached.

Thank you,

Daryl Kuiper
